

# BMO Active Trader:

Our next generation platform for active traders.

## Key Features of BMO Active Trader

- ✓ Web-based platform with modern user interface easily accessed through a browser from any computer.
- ✓ Customizable workspaces with drag and drop modules, feature-rich portfolios and watchlists, news, alerts and company research.
- ✓ Real-time streaming Level I and Level II\* market data for the major North American exchanges.
- ✓ US and Canadian Equities Screener.
- ✓ Real-time streaming options chains, Greeks and strategies.
- ✓ Advanced charting offering a technical analysis experience with hundreds of pre-built indicators and 30+ drawing tools.
- ✓ Market Movers revealing which equities are moving the Canadian and US markets.
- ✓ Integrated trading and account management:
  - **Holdings:** Monitor, sort and configure your holdings through multiple accounts.
  - **Equity and Options Trade Ticket:** Trade with ease using an enhanced modern trading flow.
  - **Orders:** Actively monitor and change your pending orders.

## BMO Active Trader is right for me if I...

- Trade frequently, whether that be from a few times a month to multiple times a day.
- Am interested in accessing real-time streaming Level I and Level II\* market data.
- Regularly trade options and various options strategies.
- Want access to a robust charting application with technical studies.
- Want quick access to news, and market movers analysis tools and insights.

## Minimum System Requirements for BMO Active Trader

- **Connection:** High-speed Internet connection.
- **Operating System:** Microsoft Windows or Mac OS.
- **Browser Compatibility:** Chrome, Firefox, Edge, Safari.
- **Screen Resolution:** 1024 x 768.

\* Level II market data is only available within BMO Active Trader Pro (in addition to Level I)
