

## DISCLOSURE STATEMENT DATED SEPTEMBER 6, 2012

### BANK OF MONTREAL PHYSICAL ALLOCATED GOLD DEPOSIT PROGRAM

#### DESCRIPTION OF THE PHYSICAL ALLOCATED GOLD DEPOSIT PROGRAM

##### *General*

Bank of Montreal's Physical Allocated Gold Deposit Program (the "**Program**") provides you with the opportunity to purchase a fixed quantity of unencumbered, allocated, physical gold bullion ("**Gold Bullion**") and hold it on deposit in a custodial account operated by BMO Nesbitt Burns Inc. ("**BMO NB**") at the Royal Canadian Mint (the "**Mint**") and distributed by BMO InvestorLine Inc. ("**BMO IL**"). BMO NB and BMO IL are members of the Investment Industry Regulatory Organization of Canada (IIROC) and are indirect subsidiaries of Bank of Montreal.

The Mint is a Canadian Crown Corporation, incorporated in 1969 by the Royal Canadian Mint Act and is as an agent corporation of Her Majesty in right of Canada.

The terms and conditions governing the Program are set out in Schedule "A" attached to this Disclosure Statement (the "**Terms and Conditions**"). It is important that you read this Disclosure Statement and the Terms and Conditions carefully and in their entirety as they set out your rights and obligations in relation to the Program. Capitalized terms used in this Disclosure Statement and not defined in it shall have the meaning given to them in the Terms and Conditions.

##### *The Program*

Bank of Montreal, in its sole and absolute discretion, will determine whether physical gold bullion holdings in BMO NB's custodial account are in coin, bar, wafer, or ingot form. "Allocated" means that the Gold Bullion is separated and identifiable from other metal held at the Mint and segregated from Bank of Montreal's and BMO NB's other assets. Title to the Gold Bullion is unencumbered and secure in BMO NB's custody account but will not be specifically assigned to any particular purchaser. Deposits made by purchasers under the Program will be held together with the holdings of all other purchasers under the Program in BMO NB's custody account at the Mint. In addition, Gold Bullion held by you under the Program will meet the specifications described below in this Disclosure Statement under "*Specifications for Gold Bullion Held Under the Program*". The Program will **not** use or hold unallocated gold, gold certificates, exchange traded products, financial instruments, or any product that represents encumbered gold.

As more fully described in this Disclosure Statement, once you have purchased Gold Bullion under the Program, you have three (3) options. You may:

1. keep Gold Bullion in the custodial account operated by BMO NB at the Mint (see *"Purchasing Gold Bullion under the Program – Option #1- Custody at the Mint"*);
2. direct BMO IL to contact Bank of Montreal and arrange to have Gold Bullion physically delivered to you, subject to a withdrawal and delivery fee (see *"Purchasing Gold Bullion under the Program – Option #2- Physical Delivery of Gold Bullion"*); or
3. instruct BMO IL to withdraw Gold Bullion from BMO NB's custodial account at the Mint and sell the Gold Bullion to Bank of Montreal (see *"Purchasing Gold Bullion under the Program – Option #3- Selling Gold Bullion to Bank of Montreal"*).

### **PURCHASING GOLD BULLION UNDER THE PROGRAM**

Bank of Montreal will set the purchase price at which it will offer Gold Bullion to you under the Program. This price will be based on the U.S. dollar and/or Canadian dollar interbank spot price for gold on the date of purchase and will be determined by Bank of Montreal in its sole and absolute discretion taking into account the current market price for Bank of Montreal to process and source a specific quantity of gold bullion meeting the specifications, as applicable, described in this Disclosure Statement. Bank of Montreal may earn revenues (or suffer losses) from the sale of Gold Bullion to you. See *"Specifications for Gold Bullion Held under the Program"*. You must order a minimum amount of one troy ounce of Gold Bullion in each order you make.

You must make orders to purchase Gold Bullion through BMO IL via the FundSERV network using FundSERV code MTL001. BMO IL will need to transmit your purchase order request no later than 1:00 p.m. (Eastern Time, or after such other time as may be established by Bank of Montreal) on a Business Day. Any request received after such time will be deemed to be a request sent and received in respect of the following Business Day. While you will receive confirmation of your order, you will not receive, and will not be entitled to receive any certificate or other instrument evidencing your ownership of Gold Bullion. See *"Other Information - General Information about FundSERV"*.

Unless they contain a manifest error, all records relating to Gold Bullion maintained by Bank of Montreal or its Affiliates are final for all purposes and binding on all persons including you. Bank of Montreal or its Affiliates shall not be responsible for errors made in good faith. See *"Other Information – Determinations of Bank of Montreal"*.

Bank of Montreal reserves the right to reject or to discontinue accepting orders for Gold Bullion at any time without notice. Bank of Montreal may at any time prior to completion of your purchase of Gold Bullion, in its sole and absolute discretion and whether or not the purchase price has been paid, elect whether or not to proceed in whole or in part with the sale of Gold Bullion. If you do not purchase Gold Bullion for any reason, the funds for your purchase will be returned to you without delay. In any event, whether or not Gold Bullion is purchased, no interest or other compensation will be paid to you on such funds.

Once you have purchased Gold Bullion under the Program, you will have three (3) options:

***Option #1 - Custody at the Mint***

You can elect to keep Gold Bullion deposited in BMO NB's custodial account at the Mint.

Gold Bullion is separated and identifiable from other metal held at the Mint and segregated from Bank of Montreal's and BMO NB or BMO IL's other assets. Title to the Gold Bullion is unencumbered and secure in BMO NB's custody account but will not be specifically assigned to any particular purchaser. Deposits made by purchasers under the Program will be held together with the holdings of all other purchasers under the Program in BMO NB's custody account at the Mint. Bank of Montreal, in its sole and absolute discretion, will determine whether physical Gold Bullion holdings in BMO NB's custodial account are in coin, bar, wafer or ingot form. See "*Specifications for Gold Bullion Held under the Program*".

The Mint is responsible for and bears the risk of loss of, and damage to, Gold Bullion in its custody, and, in such an event, would be liable to BMO NB. Gold Bullion held under the Program is subject to periodic inspection and audits by BMO NB.

As of the date of this Disclosure Statement, you will not be charged a custody fee with respect to holding your Gold Bullion at BMO NB's custodial account the Mint. Bank of Montreal reserves the right to charge you a custody fee during the life of this Program and this will impact your cost of holding the Gold Bullion. If Bank of Montreal elects to charge a custody fee for the Program, it will notify BMO IL and will also publish such changes to the Fee Schedule to the Terms and Conditions at [www.bmoinvestorline.com](http://www.bmoinvestorline.com) for at least 30 days before such fee goes into effect.

***Option #2 - Physical Delivery of Gold Bullion***

You may direct BMO IL to contact Bank of Montreal, and arrange to have Gold Bullion physically delivered to you subject to a withdrawal and delivery fee (the "**Withdrawal and Delivery Fee**") plus applicable taxes, as further described in Section 7(b) of the Terms and Conditions. To initiate the physical delivery process, BMO IL must send Bank of Montreal a delivery order (the "**Delivery Order**") in the form set out in Schedule "B" to this Disclosure Statement. Upon receipt of a properly completed Delivery Order, Bank of Montreal will charge you a per ounce fee in respect of the supply, processing, withdrawal and delivery of a specific quantity of fully fabricated gold bullion. As of the date of this Disclosure Statement, the Withdrawal and Delivery Fee is equal to CDN\$100.00 per ounce, plus applicable taxes. Bank of Montreal reserves the right to revise this fee during the life of this Program. If Bank of Montreal does so, it will notify BMO IL and will also publish such changes to the Fee Schedule to the Terms and Conditions at [www.bmoinvestorline.com](http://www.bmoinvestorline.com) for at least 30 days before the new Withdrawal and Delivery Fee goes into effect. You should check this website to ascertain the fees prior to requesting delivery under the Program.

The Withdrawal and Delivery Fee must be paid by you (through BMO IL) up front by certified cheque. Upon receiving payment in full up front, Bank of Montreal, may in its sole and absolute discretion, engage a third party to supply and deliver Gold Bullion to you. You

will be required to execute a receipt evidencing that you have received the Gold Bullion (the “**Receipt**”). Once your Gold Bullion has been delivered, you will be unable to sell that Gold Bullion to Bank of Montreal, BMO NB, BMO IL or any of their affiliates. Please note that Gold Bullion is a valuable commodity and you should exercise care once it is in your possession.

All deliveries of Gold Bullion will be subject to the prior payment to Bank of Montreal of any sales or other tax or levy imposed by any government entity or agency thereof in respect of Gold Bullion and of any increased costs incurred by Bank of Montreal in connection with Gold Bullion resulting from any change in any applicable law or regulation or their interpretation.

Bank of Montreal’s obligation to deliver Gold Bullion is subject to applicable laws. Bank of Montreal shall not be liable for any direct or indirect loss or damage incurred by you arising or resulting from any delay in the delivery of Gold Bullion including delays due to failure by you to provide a duly completed Delivery Order, failure by you to remit the delivery charge in full, or any cause beyond the reasonable control of Bank of Montreal. Bank of Montreal shall not be responsible for the storage and safekeeping of any Gold Bullion delivered to you in accordance with instructions contained in the Delivery Order for which you have provided the Receipt, and Bank of Montreal’s undertaking to deliver Gold Bullion will be discharged upon execution of the Receipt, and it shall have no liability for any loss or damage of Gold Bullion arising after delivery. Bank of Montreal does not undertake to purchase or make a market for, and you will have no right to sell under the Program to Bank of Montreal, BMO IL or any of their affiliates any Gold Bullion delivered to you.

### ***Option #3 – Selling Gold Bullion to Bank of Montreal***

You may instruct BMO IL to withdraw your Gold Bullion and sell it to Bank of Montreal, subject to certain procedures and limitations of the FundSERV network. If you wish to withdraw your Gold Bullion and sell it to Bank of Montreal via FundSERV, you should consult with BMO IL in advance in order to understand the timing, procedural requirements and limitations of selling via FundSERV. You must withdraw and sell Gold Bullion via FundSERV by using the “redemption” procedures of FundSERV’s transaction processing system. A withdrawal and sale of Gold Bullion via FundSERV through any other means is not possible. Accordingly, you will not be able to negotiate a withdrawal and sale price for Gold Bullion via FundSERV. Instead, BMO IL will need to initiate an irrevocable request to “redeem” the Gold Bullion via FundSERV in accordance with the then established procedures of FundSERV. Generally, this will mean BMO IL will need to transmit your purchase order request no later than 1:00 p.m. (Eastern Time, or after such other time as may hereafter be established by Bank of Montreal) on a Business Day. Any request received after this time will be treated as a request sent and received on the following Business Day.

As described in this Disclosure Statement under “Purchasing Gold Bullion under the Program” the daily price posted by Bank of Montreal on the FundSERV network represents the price at which a client under the Program can purchase Gold Bullion from Bank of Montreal and is based on the U.S. dollar and/ or Canadian dollar interbank spot price for gold on the date of purchase as determined by Bank of Montreal, acting in its sole and

absolute discretion. In the interest of clarity, the daily price posted on FundSERV represents the price at which Bank of Montreal will "offer" Gold Bullion under the Program. Withdrawal and sale of Gold Bullion back to Bank of Montreal under this option of the Program can only be facilitated through BMO IL via the FundSERV network. As a result, if you choose to withdraw and sell Gold Bullion back to Bank of Montreal, the proceeds from the sale will equal the daily price posted on FundSERV reduced by an amount that will reflect the price at which Bank of Montreal is prepared to buy back (i.e. "bid") the Gold Bullion from you. The difference between the "bid" and "offer" will change over the life of the Program based on prevailing market conditions as determined by Bank of Montreal, acting in its sole and absolute discretion. Accordingly, the price that you purchased Gold Bullion under the Program may be different than the price that you sell it to Bank of Montreal and, therefore, Bank of Montreal may earn revenue (or suffer losses) as a result of these transactions. As of the date of this Disclosure Statement, it is expected that the difference between "bid" and "offer" will be between 1-2%. Gold Bullion sold to Bank of Montreal under the Program may be at a price that is lower than the purchase price that you paid for the Gold Bullion.

You should also be aware that, from time to time, such "redemption" mechanism to withdraw and sell Gold Bullion via FundSERV may be suspended for any reason without notice, including if a force majeure event described in Section 8(e) of the Terms and Conditions occurs, thus effectively preventing you from selling Gold Bullion to Bank of Montreal via FundSERV.

#### **SPECIFICATIONS FOR GOLD BULLION HELD UNDER THE PROGRAM**

All Gold Bullion held under the Program is unencumbered, allocated, and physical with a minimum fineness of 995 parts per 1000. Bank of Montreal, in its sole and absolute discretion, will determine whether the physical gold bullion holdings in the BMO NB custodial account are in coin, bar, wafer, or ingot form.

If the Gold Bullion is in coin form, the coins will also: (i) have been produced by the Mint and is legal tender in Canada for its denomination; and (ii) have a fair market value not exceeding 110 per cent of the fair market value of the coin's gold content.

If the Gold Bullion is in bar, wafer, or ingot form, the Gold Bullion will also (i) have been fabricated by a metal refiner included in the London Bullion Market Association's good delivery list of acceptable refiners for gold; and (ii) bear basic identification markings that are recognized and accepted for trading in Canadian financial markets, including the hallmark of the metal refiner that produced it and a stamp indicating its fineness and weight, and no other markings.

## RISK FACTORS

Holding Gold Bullion involves a degree of risk. This section of the Disclosure Statement provides a general overview of certain of these risks. This section does not purport to be an exhaustive summary of all the risks related with a holding of Gold Bullion. Furthermore, this section of the Disclosure Statement cannot identify all of the relevant factors that may be a risk for potential purchasers, and is not a substitute for independent investment advice.

### *Value of Gold Bullion is Not Guaranteed*

An investment in Gold Bullion is speculative. Past performance of the price of gold bullion is not indicative of future performance. Neither Bank of Montreal nor BMO IL provide any guarantee as to the value of Gold Bullion, which may be affected by many international, economic, monetary and political factors, many of which are unpredictable. These factors include the following:

#### **(a) General Market Risks**

The general economic and political climate, general movements in local and international stock and commodity markets, prevailing and future economic conditions, investor sentiment, and other factors beyond the control of Bank of Montreal could all affect the value of your Gold Bullion. Changing market conditions may cause a change in gold bullion prices.

Central banks, multi-lateral institutions and other governmental agencies hold a significant amount of gold bullion, some of which is static, meaning that it is held in vaults and is not bought, sold, leased or swapped or otherwise available in the open market. Several central banks, multi-lateral institutions and other governmental agencies have sold portions of their gold bullion reserves in recent years, with the result being that these central banks, governmental agencies and multi-lateral institutions, taken as a whole, have been net suppliers of gold bullion to the open market. In the event that future economic, political or social conditions or pressures require central banks, governmental agencies and multi-lateral institutions to liquidate their gold bullion assets all at once or in an uncoordinated manner, the demand for gold bullion may not be sufficient to accommodate the sudden increase in the supply of gold bullion to the market. Consequently, the price of gold bullion may decline, which would adversely affect the value of your holding of Gold Bullion.

#### **(b) Governmental Decisions**

Governmental decisions, such as the executive order issued by the President of the United States in 1933 requiring all persons in the United States to deliver physical gold bullion to the Federal Reserve or the abandonment of the gold standard by the United States in 1971, have been viewed as having significant impact on the supply and demand of physical gold bullion and the price of physical gold bullion. Future governmental decisions may have an impact on the price of physical bullion, and may result in a significant decrease or increase in the value of Gold Bullion.

**(c) Disruptions in Trading**

Occasional disruptions in trading including temporary distortions or other disruptions due to various factors, such as the lack of liquidity in markets, the participation of speculators and governmental regulation and intervention may result in a significant decrease or increase in the value of Gold Bullion.

**(d) Changes in Laws or Regulations**

The promulgation of new laws or regulations or by the reinterpretation of existing laws or regulations (including, without limitation, those relating to taxes and duties on commodities or commodity components) by one or more governments, governmental agencies or instrumentalities, courts, or other official bodies may result in a significant decrease or increase in the value of Gold Bullion.

***Exchange Rate***

Gold Bullion is traded internationally in U.S. dollars. Accordingly, the value of Gold Bullion will depend not only on the price of the Gold Bullion but also the local currency exchange rate with the U.S. dollar.

***No Deposit Insurance***

The Gold Bullion under this Program will not constitute deposits that are insured under the *Canada Deposit Insurance Corporation Act* or any other deposit insurance regime.

***Fee Changes***

As described in this Disclosure Statement, fees will vary over the life of the Program. Bank of Montreal may increase or decrease fees under the Program in its sole and absolute discretion.

***Canadian Investor Protection Fund***

There is no assurance that your holding in Gold Bullion will be eligible for protection under the Canadian Investor Protection Fund.

**Other Information*****Information Contained in this Disclosure Statement***

None of Bank of Montreal, BMO NB, BMO IL or any of their affiliates makes any recommendation concerning the Gold Bullion, or the suitability of holding Gold Bullion as an investment. In connection with the sale of Gold Bullion by Bank of Montreal, no person is authorized to give any information or to make any representation not contained in this Disclosure Statement and Bank of Montreal does not accept any responsibility for any information not contained herein.

### *Fees and Expenses Associated with the Program*

The fees and expenses associated with the Program are described in Section 7 of the Terms and Conditions attached as Schedule "A" to this Disclosure Statement. **In addition to the fees and expenses described in the Terms and Conditions, BMO IL may also charge you a commission if you purchase or sell Gold Bullion under the Program.**

FundSERV is owned and operated by both fund sponsors and distributors and provides distributors of funds, commodities and certain other financial products with an online transaction processing system for such financial products, including the Gold Bullion. FundSERV's network facilitates the matching of orders to settlement instructions, facilitates reconciliation, aggregates and reports net settlement amounts and distributes settlement instructions information to the financial product distribution channel.

### *Determinations of Bank of Montreal*

All calculations and determinations will be made by Bank of Montreal and will, absent manifest error, be final and binding on Bank of Montreal and holders of Gold Bullion. Bank of Montreal will not be responsible for its errors or omissions if made in good faith, except in the case of its negligence or willful misconduct. Bank of Montreal will not retain an independent person to make or confirm calculations and determinations made in respect of the Gold Bullion under the Program.

(a) The Buyer may at any time instruct his or her investment advisor to withdraw Gold Bullion in BMO NB's custodial account with the Mint and sell it to Bank of Montreal, subject to certain procedures and limitations of the FundSERV network according to the procedures set out in these Terms and Conditions and in the Disclosure Statement. Bank of Montreal will not purchase Gold Bullion held outside the Account and not reflected in the Custody Records.

(b) Upon receiving such request and confirming that the Buyer owns sufficient Gold Bullion, Bank of Montreal will execute the Buyer's Sell Order on the same Business Day that the Sell Order is received, provided the Sell Order is received by 1:00 p.m. (Eastern Time, or after such other time as may hereafter be established by Bank of Montreal) on a Business Day. Any request received after such time will be deemed to be a request sent and received in respect of the following Business Day.

(c) The daily price posted by Bank of Montreal on the FundSERV network represents the price at which a client under the Program can purchase Gold Bullion from Bank of Montreal and is based on the U.S. dollar and/ or Canadian dollar interbank spot price for gold on the date of purchase as determined by Bank of Montreal, acting in its sole and absolute discretion. The daily price posted on FundSERV represents the price at which Bank of Montreal will "offer" Gold Bullion under the Program. Withdrawal and sale of Gold Bullion back to Bank of Montreal

under this option of the Program can only be facilitated through an investment or financial advisor via the FundSERV network. As a result, if client choose to withdraw and sell Gold Bullion back to Bank of Montreal, the proceeds from the sale will equal the daily price posted on FundSERV reduced by an amount that will reflect the price at which Bank of Montreal is prepared to buy back (i.e. "bid") the Gold Bullion. The difference between the "bid" and "offer" will change over the life of the Program based on prevailing market conditions as determined by Bank of Montreal, acting in its sole and absolute discretion. Accordingly, the price that clients purchased Gold Bullion under the Program may be different than the price that it sold it to Bank of Montreal and, therefore, Bank of Montreal may earn revenue (or suffer losses) as a result of these transactions. As of the date of this Disclosure Statement, it is expected that the difference between "bid" and "offer" will be between 1-2%.

(d) The Buyer may not set off amounts owing to the Buyer against amounts owed by the Buyer to Bank of Montreal under the Program.

(e) Any payment of an amount owed to the Buyer under the Program will be reduced by any taxes, duties or other charges which Bank of Montreal may at any time be required by law to withhold.
