More on our commissions and fees.

The regular commission schedule refers to trades placed with a BMO InvestorLine Representative. All transactions for one account in one security on one side of the market during one trading session are included in determining the principal value of the trade. Full commission charges apply for each partial fill except when transacted on the same business day. Prices on multiple fills transacted on the same business day are averaged for commission purposes. Commissions on U.S. trades are charged in U.S. dollars. Electronic trades are placed through the BMO InvestorLine website or any other electronic channel. Commission calculation is based on the original format of the order. If you change an order through a BMO InvestorLine Representative, the regular commission schedule applies to the original order and any subsequent changes to that order. All rates apply as of January 1, 2010 and are subject to change without notice.

BMO InvestorLine is a member of BMO Financial Group. ^{TM/®}Trade-mark/registered trade-mark of Bank of Montreal, used under licence. BMO InvestorLine Inc. is a wholly owned subsidiary of Bank of Montreal Holding Inc. Member CIPF and IIROC.
