

TRUSTED CONTACT PERSON INFORMATION FORM

A Trusted Contact Person (TCP) is someone you authorize for us to get in touch with to help us protect your investments. Your TCP should be someone you trust to share information about you. They will have no authority to make investment decisions or ask us to provide details about you or your account.

Keep in mind a TCP is not the same as someone who can make decisions for you such as a person authorized under a Trading Authority (TA) or Power of Attorney (POA) (although you can select a person with TA or authorized under a POA as your TCP). We recommend adding someone who doesn't usually make decisions on your behalf.

We may contact your TCP to discuss:

- Concerns you might be a victim of financial exploitation including fraud, coercion or unauthorized transactions
- Concerns about your mental capacity as it relates to financial decision making
- The identity of your legal representative and/or your current contact information

Take note: Adding a TCP is optional. If adding one, be sure to let them know and go over when they might be contacted by us. You can (i) appoint more than one TCP (by completing an additional form) and (ii) remove your TCP at any time by getting in touch with us.
